PART B – YOUR REPRESENTATION - Please use a separate sheet for each representation.

(Additional Part B forms can be downloaded from the web page)

1. Please state which document you wish to comment on:-

Core Strategy Partial Review - Preferred Options	<input type="checkbox" value="Y"/>	Sustainability Appraisal	<input type="checkbox"/>
Habitats Regulations Assessment	<input type="checkbox"/>	Equality Impact Assessment	<input type="checkbox"/>
Health Impact Assessment	<input type="checkbox"/>	Evidence Base <i>(please state which document below)</i>	<input type="checkbox"/>
<input style="width: 100%;" type="text"/>			

2. Please state which part of the document your comments relates to:-

Policy	<input type="text" value="SC2"/>	Page Number	<input type="text" value="12"/>	Paragraph	<input type="text" value="Q.3"/>
--------	----------------------------------	-------------	---------------------------------	-----------	----------------------------------

3. Do you wish to:-

Support	<input type="text" value="Yes"/>	Object	<input type="text"/>	Comment	<input type="text" value="Yes"/>
---------	----------------------------------	--------	----------------------	---------	----------------------------------

4. Please provide your comments and/or any suggested changes in the box below.

If you would support an alternative to the preferred option, please provide further details and evidence to support this.

(Please note: Your representation should cover succinctly all the information, evidence and supporting information necessary to support / justify the representation and the suggested change. It is important that your representation relates to the consultation document).

We strongly support the strengthening of the policy to assist the transition to a low carbon economy, in particular a clear link to the District's Climate Change Framework.

In **Section A** of the policy:

Point 1 – we suggest this should be extended to explicitly cover the retrofit and adaptation of existing buildings

Point 2 – does 'design' refer to mitigation measures such as natural flood management and SuDS?

Point 3 – freshwater habitats (rivers, becks, ponds and other water bodies) are also very vulnerable to climate change impacts and should be recognised as such alongside blanket bog and woodland

Point 4 – this should also reference that green infrastructure should provide a net gain in biodiversity

Section 3 of the policy:

Point 3 – we welcome the extension of this policy to all parts of the district. Many settlements are developing strong community groups with an environmental/climate change focus and we suggest that the policy would be strengthened by including engagement with community groups, alongside residents and businesses.

Please continue your comments on the next page.
